“ We met Phil during the time he worked at Hobby Town USA North; we always enjoyed talking with him, listening to him tell of his experiences of railroads and teasing him about using a slide rule after hearing his story of the use of a slide rule. We only knew Phil for a short period of time but looked forward to seeing him every time we visited Hobby Town North; regretfully, we were not able to meet Phil before our encounter at HTN as he had been someone a person looked forward to seeing. We are envious of those who knew Phil for a longer time than us. He will be missed!

“ I worked with Phil for many years at Edgcomb Metals. Phil was always one of those guys that I looked up to and knew he would offer help when needed. Can assure you the pride of his life were his kids as he spoke of them always. My thoughts and prayers go out to you during this very difficult time. Rest in peace my friend.

“ *Phil worked at Steel Sales with my dad (Don Hinkle) for many years. I have wonderful memories of company picnics, trade shows, etc. I was the flower girl in Phil and Mary Lou's wedding many years ago. Did such a wonderful job that I ran out of flowers half way down the aisle!! My dad has been gone since 2004 and my mom is in a retirement home. Your family is in my thoughts and prayers during this difficult loss.*
