“Reda, My sister, my friend, and sometimes mother! She taught me a lot of things over the years, like don't sweat the little insignificant things, she was a wonderful mother and loved her children so much and her grandchildren were the center of her heart. She cared for all people, and loved her profession, heard lots of heart warming stories about her job. She was just an amazing human being, she will be missed terribly, but we will all carry on and hope to become the people that she would look at and smile and say yes, I knew that is who you could be, I miss you already, will see you again I promise, love you so much!!! ❤️❤️❤️
