“ *Mr. Alley was a major influence in many life's and the lives of welding professionals . His encouragement and wisdom was never ending. His guidance to the Indiana Section of American Welding Society and its members was just amazing. And that of the National American welding Society. He would correct me when I addressed him as Mr. Alley by saying it is just your Friend Dick. He was a Friend's Friend through good and bad always a constant and advising Light. Working alongside at many contests He would always remind us that the time we were devoting would pay dividends in furthering welding into the future. Thank you my Friend Dick. You were and always will be in the minds of those you touched. Sincerely Bennie D. Flynn*
