“ *Papoo,
I will forever cherish your memories and will dearly miss calling you my Papoo. I will miss your late night texts texting me to tell you that you love me, visiting your lake house, and running the wheels off your golf kart, I will miss your cookings especially your Brussel sprouts that no one could ever get me to eat and your baked beans, I will miss visiting you and watching Texas ranger. Although with you being gone this will be hard for me to overcome but I know that your legacy will forever be cherished. I love you with all my heart.

“Daddy you are in my thoughts everyday and I think about the times we had together it took us a time to get to that point in our lives where it was right for us but I think we always knew we had each other even when we didn't spend a lot of time together. We still knew the other one was there. I will keep you close to my heart and shall always teach my grandchildren who their grandpa was. I love you daddy and I miss you very much.

“Dad,

Before I knew you, I would thank God, that you were my father. After I met you, then, came to know you, I thanked God, that you were my father. While there are so many wonderful things, I learned, Type A personality, Non-judgemental, (two that are hard to juggle, but not for you.) Also, protective of your loved ones, honest, integral, hardworking, project oriented, a wonderful cook, dancing, and music is only a few of the very best qualities, that you gave to me. And I thank God that you are my Father.

“ Even though I haven't seen my cousin for such a long time I will always remember his smile. To me he was always kind. The last time I saw him we had a nice conversation. He was happy and as always I thought my cousin was very handsome. Praying for peace and comfort for family and friends.
