“ *No matter what kind of day you were having bob was sure to make you smile. I will never forgot how he would go out of the way to say hi and see how you were doing, or how he would drive by screaming out his window to say hi if he ever saw me outside the office. He was a bright light in this world and we are all better for knowing him.*

“ *Bob was my music buddy. I am only 2 days older than Bob. We shared a love of classic rock, Motown , and generally anything music from 70's or 80's. He liked his radio volume where I liked mine, really loud. Bob made me feel at home at Peterman on day one. He was everybody's friend. God speed Bob. You are already missed.*

“ Bob never had a bad word to say about anyone! He was funny, a little “corny” and ready to put everyone in a good mood! I think he thought of that as his job.. I miss our recipe reviews. Prayers for all the family

“ Bob always brightened my day when we saw each other at work. He always would yell across the warehouse or room "you go girl" but most of all he always made me laugh. His tip jar and choice of music when taking people home - classic Bob (If you know Bob you know the stories). Also loved his relationship with Pete (Colonel). Prayers to the family and Peterman family.

“ Bob was a highlight of my day when he had to bring parts to the office. He was always showing me videos on you tube that he just couldn't pass up. I heard so many great stories from him. I cherish those memories and will miss him tremendously. RIP Bob. You are free to share silly videos with the heavens now.

“ I had the pleasure of being trained and working with Bob the last two plus years and he was one of a kind and the nicest person I knew I would see him every morning offloading the truck with me and it didn't matter how early it was and how tired I was in the morning he always put a smile on my face and fed my belly with McDonald's breakfast once in awhile. You will be greatly missed and I want to thank you for being a friend and co worker you made every day awesome for me at work. Prayers to the family and fly high my friend because the lord called home an angel and we will see you again someday. RIP Bob miss you everyday buddy

“ *Bob was such a supportive, encouraging, and fun guy to be around. I worked in Indianapolis Peterman for 2 years and had several conversations with Bob. He always gave me a compliment when I got my haircut, poked fun at me to lift my spirits, and called to check on me while working out as a service technician. I will miss him and will grieve with the family.*

“ *I would like to offer my condolences to the whole Goul family for the loss of your loved one. Having just experienced this recently in my own family I know how terrible it is, especially when it's unexpected. In my personal life I've found it helpful if you allow yourself to believe that Bob is in a better, happier place, together with those that have gone before. A place where you will all see him again someday.*

Thank you. That was so kind. Sorry for your loss. Bob and I always talk about when we lost Kiel. Bob talked about how much he loved working for Peterman Heating and Cooling.
