“ Rob was one of the supervisors I worked with in my department. He was a good person and I will truly miss him. After many conversations with him it still surprised me how well he spoke spanish. I couldn't believe it when they told me he had past, still hard to believe now. I rest assured you are in a better place. My deepest condolences to your family.

“ Rob was my supervisor at the time my grandson was being born. He called me off and on at the hospital to see how things are going. Then when I thought I was going to lose my first grandson, Rob told me things was going to be OK. I could hear it in his voice that he was very concerned. He also informed Linda (friend) what was going on. Rob would call to check to see if everyone was OK....and once he found out my grandbaby was out of danger, he shared the news with people at work. Rob had a good heart.... gone too soon. RIP Rob.

“ Although we hadn't seen each other for a while I considered Rob one of my closest and dearest friends. It grieves me to lose such a great person that was a part of my life. Rob was always there when you needed him. Never knew a stranger. I miss the times we were together. I regret that our jobs and our lives forced us to grow apart. I can never fill the void that has taken me over. There will never be another with his character. I love you man. I pray that you rest in everlasting peace. Goodbye my friend until we meet again. “ It saddens me to learn of the passing of Rob. I spent a great deal of time with him and his daughter Lexi over the last 2 years helping guide him thru building his beautiful home which we closed last July 2015. Rob was a very good man and was very excited about moving into his beautiful home. It was truly a pleasure to work with Rob and my condolences and prayers are with all of the family and friends during this difficult time.

God Speed Rob. You will truly be missed by many
