“ I'm so sorry. Alice was a wonderful Lady (capitalized on purpose). I remember her fondly. Went to a toy party at her house with Delores and Cindy when I was pregnant with Erin. On the way home, I was driving with my pregnant belly against the steering wheel, when Erin chose to roll over, very visibly! Delores and Cindy both saw it! We had a good laugh. Don't know if Cindy remembers that, but I do. Also remember hanging out at her house on Edgewood and typing my senior term paper in her family room! She was always willing to help family! She stayed with Delores's kids when Alice was born and told her she **WOULD** be spending three days in the hospital recuperating after giving birth to her eighth child, no questions asked! She was truly a class act!

“ I am sorry. You are all in my thoughts and prayers. May your memories of your mother be filled with love and laughter.
