“ Sandi & I were dear friends for many years. I had known Sandi since 1954 when we worked together at Allstate Insurance Company. She was such a dear person and a wonderful friend. Even when my husband Bill & I moved to Miami Florida in 1957, she came to visit us. We, as couples, with her first husband, Bob, enjoyed many evenings together when our children were young. We used to spend many evenings on weekends playing bridge at our homes, as well as other events together. We stayed in constant touch over the years and as late as the fall of 2019, we met with she and her current husband Doug, in Brown County and enjoyed the day together. We were so shocked this past few months not to be able to contact her, but have recently heard she preferred to keep her illness private. We can only say how much we will miss her and we send your most sincere and deepest sympathy to her family.
