

Sean T. Curran

February 18, 1961 - June 18, 2025

Sean T. Curran,

64, was born on February 18, 1961 to the late Philip E. and Virginia Mae (Taylor) Curran in Indiana where he spent most of his life. Sean was a graduate of Thomas Carr Howe High School and attended IUPUI where he pursued a political science and history degree. He also had a bachelor's degree in theology. He proudly served his country in the U.S. Air Force and was stationed in Kansas and Guam. He married the love of his life, Lisa, of almost 43 years, on October 11, 1982.

Sean was very dedicated with all of the work he did in his lifetime. He was an Information Technology Specialist for Simon Property Group for over 26 years. Despite being known for being a hard worker, he had many hobbies that included cooking, playing guitar, and reading anything he got his hands on.

Sean was an amazing father to many that came into their lives. Sean and Lisa started working in a group home with Youth for Christ in 1984 and since then they have raised and loved over 108 children. He is survived by his wife, Lisa Curran; his many children, grandchildren, nieces, nephews, and sisters.

Sean was someone full of love and laughter. Every day when he came home from work, he kissed his wife hello. Sean would tell a colorful joke and then side-eye his children with a smirk on his face before bursting into laughter. He loved having a hot cocoa at the end of the day, but only if it was made with marshmallow fluff because, "that is the only acceptable way to have it."

“ My best friend when I was in the Air Force has died. We worked together in the same Security Police Squadron at McConnell AFB. He helped lead me to the Lord and disciplined me in Christ. We spent a lot of time studying the Bible and in prayer and listening to Kieth Green music in my Barracks room on Base, and in Church at the Wichita Christian Center where mom and I met and got married. Sean was a true Brother in the Lord and was always there for me. I still have the Bible he gave me before I received Christ as my Savior. He gave one to all of us troops, and boy did we ever need it! He and a couple other guys intervened in my life when I was in rebellion against God, and helped me get plugged into Faith in Christ. I'm so thankful to have had him in my life, may he rest in peace. I know that I will see him again in the next life, which is not far off, in the Lord's Eternal Kingdom! I hope to see all of you there with Jesus Christ!!!

“ I am so sorry I just found out today. I will miss our chats at work; you were the person that taught me the full history of Simon. You were an excellent coworker, and I considered you my friend as well. Prayers for peace and comfort to your family.

“ *My family and I met Sean and Lisa at our restaurant. It didn't take long to know in our hearts how special they were. Sean would take take Lisa on date night nearly every Friday, They sometimes ate dinner with us or stopped in to share in fellowship with us and other guest before they would return home to all of their treasures. Sean and Lisa were the people who started as guest, quickly became friends and ended as family to us. I remember once we wanted to take a vacation and even though Sean worked a full time job, took care of his family and and dedicated his time serving the Lord he showed up to make sure our business ran smoothing while we were away. I will never forget his laugh, his love for God, his wife Lisa, his children and grand children. There was never a doubt of who Sean Curran was and what he stood for. Although Sean was taken to soon, there is no doubt that he spent his time on this earth following Gods plan for him and never looked back. I know in my heart that Sean is shining in all of Gods glory and looking down on all he loved and served.*

“ What an amazing man. I remember Sean took one of the most difficult shifts in the Prayer Tower. He would come and pray for others in the middle of the night. Of course no one knew because... that's just the kind of guy he was.

“ I met Sean thru work, I have worked with Sean for almost 10 years. We did not work directly with each other. I worked for a 3rd party company and was a Service Desk agent and worked closely with Sean thru Simon. He was one of the nicest people I have ever met in the IT industry. He taught me so much about his company and every time I had a question, I would reach out to him, he was super friendly, took his time to explain things to me. Even though in the past few years we did not get to work together as much, anytime I could say hi to him I would. Thank you Sean for everything you did to help me along my way, thank you! Prayers to his family.
