“ Virginia was a lovely person, always smiling, very friendly and you could tell that she truly cared about people. My family (Morris) lived across the street from the Driver family for several years. Virginia and my mother, Janice, were good friends. I am so thankful for that friendship! There were 4 of us youngsters (all under the age of 11) at the time and our dad worked some crazy long hard hours which left Mom to handle us on her own quite a bit. And we were quite the handful. Virginia made my mom laugh, always had that cup of sugar or two eggs or whatever if Mom needed something. Most importantly, she helped Mom keep her head together when we were driving her crazy! I know it made Mom and Dad both feel better knowing Virginia was just a "holler out the front door" away.

Rudy, Greg, Teri, Brad, we were all very sad to learn of her passing and would have attended her service had we known in time. You are all in our hearts at this time. Thank you for sharing your wonderful Virginia with our whole family all these years.....we sure will miss her. Mom has been in Heaven for 12 years and I am certain they are having a fantastic reunion right now! Gives me a little bit of peace knowing Mom has Virginia up there "just a holler away" once again.

Peace to all of you. Eternal rest grant to her O Lord, and let Perpetual Light shine upon her. May her soul and the souls of all the faithful departed, through the Mercy of God, rest in peace.

“ My Aunt Virginia was the one who for years kept me informed on how my aunts and uncles of the Mills/Evans Clan were doing. I was blessed as a kid because I always had my younger aunts, Ginny and Barbara, and Uncle John, my father's younger brothers and sisters, to look up to more as older siblings than as aunts and uncles.

At least twice a year, I would get a call from Aunt Ginny asking how I and my family out here in Southern California were doing and expressing her love for me and all my family.

Looking back, Ginny's phone calls were not so much a media for gossip as much as to just express her love for me and our total family. Always positive while keeping me in the loop as to how the many members of our family were doing. Her stories always shed as much good light as possible on events and happenings. And as our large family can attest, there were some very challenging times. I will miss these phone calls, Ginny.. Your always staying in touch set the example for me. And I will miss you too, Ginny. Your warmth and caring has also set the example as how I should be. I cling to the promise that some day we will swap our stories again.

Love and hugs always, your nephew Wheaton
