“ *Stanley was one of the kindest human beings it has ever been my pleasure to know and work with on a theater production, and a valued member of the Ivy Tech community. Words aren't enough to express how much he will be missed by all of us, especially those Ivy Tech folks who were able to work with him on productions for The Odeon Society.*

*Janet, please except my condolences during this difficult time. Know that you are in my thoughts and prayers.*

“ *Stan was a wonderful student and person; I am honored to have had him in my writing class. I will always remember him for his smile and cheerful demeanor, as well as his love of sharing his theatre projects with me. I loved hearing about how he ran the lights for school and church productions. Though I never have met any of his family, I will be holding everyone in my thoughts and prayers.*

“ The 1st time I met Stanley was at the audition for "Agape". He was so friendly and made me feel so comfortable as if he had known me for a while. Everyone knows how important it is to feel welcomed and accepted and he was the right person to have as a welcoming committee for those who came in to audition. I then came to know Janet and we had a wonderful time getting to know each other at Seros - she let me know just how much Stanley meant to her - how he was her "ROCK" and after getting to know them (even though it was a short time) I understood exactly what she meant.

*Janet - he will always be with you in heart and soul - I know it will be hard to carry on as I have traveled that road - but look to your Savior as he knows your pain and you will get through this. If you ever need a shoulder to cry on or just to talk - I'm here. May God Bless You and the rest of the family who mourn this great loss.*

“ Stan,

*We are going to miss you ever so much. I just love this pic (first one) I found of you on FB that we recently used for your bio in the play event program. It so captures your sweet self that we loved to see. We are so grateful you are no longer in pain, but it's going to take a while for our hurt to leave. We are going to miss your awesome meals, witty comebacks, encouraging words, great "light bulb" ideas, listening ear and giving heart. Zach and I are so grateful to have had you in our lives and can't imagine your absence in the future. With God's help, we know we all can move on, but we aren't going to like it.*

*Janet & the rest of the family,*

*Please know our deepest prayers and condolences go out to you in dealing with your loss of such a wonderful man. We loved Stan so much and will have a lifetime of memories to continue to allow him to live in our hearts. He and Janet have been like family to us and we are going to miss him more than words could say. Our prayers will continue to be with you all as you grieve his absence.*

*Love,*

“ Uncle Stan will always be on of my Favorite people. He encouraged me even during his darkest days. When my father passed he became one of my Adoptive fathers and willingly shared his wisdom with me. He encouraged me to be a better person always and questioned me when I was about to do wrong. His passing will leave a hole in may hearts. He was an inspiration to many on is own desire to work hard and make a better life. His happiest day was the day Janet joined our family. She is the light of his life and he loved her with everything he was. He will be greatly missed.
