

Susan "Susie" Ruth Wade

June 6, 1966 - March 19, 2026

Susan Ruth Wade,

Susie decided to peace out on March 19, 2026 and move on to the next leg of her journey. She was born here in Indianapolis, IN, on June 6, 1966 to our mom, Betty J. Hinson (McLevey) and her father, William B. Wade. She graduated from IPS Arlington High School – The Golden Knights in 1985. Later, she worked at Community Hospital East in the cafeteria for several years. She enjoyed talking and connecting with people young and old. Anyone that needed to talk to someone, no matter the time, she would be there.

Except for mornings. She was not keen on mornings.

Susie loved to draw, do different crafts and build things. She had won several awards for best pencil sketching when she was in high school! Her favorite thing to draw was Snoopy and Woodstock, and she was amazing at it, too. She also loved woodworking and making dreamcatchers. Fun Fact! When Susie was a teenager, she built her own bicycle without any instructions! Susie had so much talent. She also loved her music. It was her getaway.

Susie left us so soon, and she will be greatly missed.

There will be no celebration of life at the moment. But, don't worry, we are working to plan one really soon.

Susie is survived by her mother, Betty J. McLevey; sister, Amanda L. Verbeke

(Eric); brother, William Wade; niece, Sophia Verbeke (James Dean); and family friends, Jessica Riley and Jason Green. She was preceded in death by her father, William B. Wade; and stepfather, Ronald R. McLevey.
