“ Teresa was someone that was a great friend and former coworker. Though we hadn't spoken in a few years I knew if I needed anything she was always there to lend a hand. She will be truly missed by all she touched. God speed my sweet friend.

“ September, 1989 I was transfer to the design records section, Teresa had started in records two weeks prior to me joining records. She was kind, hardworking and funny. I worked in records with her until 1998. Then until I retired, I still went to her for records. As one said she was wise and did leave an indelible mark on our lives! So sad to hear of her passing, many prayers to her family and friends.

“ I am so sorry to hear about Teresa. Like everyone else has said, she knew her job like the back of her hand, and if she couldn't find something in the INDOT records, it simply didn't exist. Beyond that though, I always enjoyed chatting with her when our paths crossed at work, and I will miss her.

“Wow I am sorry to hear of Teresa's passing. She was my go-to person when I needed to find survey books or design plans. She knew her department like the back of her hand and she would also take my requests ahead of others. Teresa was kind, hardworking, funny and a huge asset to the agency. She was a friend and will be greatly missed by many. 🙏🙏🙏”
