“ *Trenton, there are so many memories of you and Ryan, but the one that shows your huge heart has nothing to do with Ryan. When COVID started you received gift cards at work as a thank you and way to help through the hard times. You called me and asked if you could give them to my daughter, a nurse in a long term care facility. You wanted to thank her for her hard work. That is the person you were. I love you and will miss you more than you will ever know. My deepest condolences to his whole family, who have been there for not just one of my sons, but two. May God bring comfort to you in this terrible time.*
