“ *Over the more than 40 years I knew Wayne he played many roles in my life. He was my boss, mentor, adviser, partner but most of all, he was my friend. Wayne always had my best interest in mind. In the Auto Parts world he was a legend, still today I meet people in the business who came up working for him as far back as the 70's. I'm gonna miss the "catch up" phone calls and the occasional lunch. Very sad for the loss, but happy Wayne suffers no more!*

*I miss you already, but I'm happy that you are not suffering and you are at peace now. You treated me just as if I was your daughter for 31 years and I thought of you as a dad, he had a great sense of humor and enjoyed life. RIP until we see each other again. ❤️*
