“ 1990 I moved my family to Fishers Indiana and my 11 year old daughter Lindsay was a typical 11 year old, concerned about finding friends and fitting in. She met Wendy Rock and all was right with the world, fast friends all through school graduating Hamilton Southeastern High School together. 2021 living miles apart but still BFFs supporting and loving each other. The world lost a beautiful woman with Wendy's passing, beautiful inside and out. Magnificent smile a great laugh. My heart goes out to Nick, Shaun, and Wendy's mini me Maya, her very best friend and loving sister Kristy, LaMar and Cheri.

“ I am shocked to hear of Wendy's passing. We worked together at UOP for a few years and remained Facebook friends when we both moved out of California. She had a beautiful smile and a genuine heart. My prayers go out to her children and family. Rest in peace beautiful soul.

“ I kept in touch with Wendy through Facebook. She always seem to have a SMILE on her face & “lightened” up your day. I could tell she was a “wonderful” MOTHER and “truly” LOVED her CHILDREN!!! When I heard the news of her passing I just sobbed. My heart went out to her parents, her siblings, and especially her dear children, and to all her friends and neighbors who she would talk about on Facebook. May the Lord send his comfort and peace to all of you and may the Savior carry you & Guide you through this Heartbreak. John and I send our LOVE to all of you and know that we are PRAYING for your whole entire family! ❤️🙏

“ I worked night shift with Wendy for 4 years and helped train her as a fire dispatcher. It would be dead quiet in the middle of the night, but it was inevitable Wendy would start laughing real loud at a show she was watching. Her laugh was always infectious. Dispatch won't be the same without your smile, laughter, and care.

“ I met Wendy working at University of Phoenix in San Diego along with her sister Kristy. We lived going out together. I remember when she had Nick. There is one clear memory of her when we were at work. We were in the bathroom freshening up and I remember saying to her ‘oh my gosh look at all those wrinkles by my eyes’ and she just laughed and said ‘shut up those wrinkles don’t even exist’ lol We stayed in touch after she & Kristy moved to Indiana. Chatted via Instagram or FB. She was such a strong woman and lived her life to her own tune. She especially stayed in touch with me during my recent chemo treatments. I’m so sorry I didn’t go to visit you in LB in July. I wish I had known you had this limited time here on Earth. God needed you more. I miss you already. I love you. Rest in heaven. 🙏🕊️🕊️

“ Wendy is one of the sweetest, kindest people I know. Her heart and soul were beautiful and the way she loved her babies was beautiful. She added light to anyone’s world she encountered. I will miss her so much and I will miss watching her babies grow up on social media. She is a beautiful person inside and out. We need our Angel but God needed his Angel back in heaven with him. ❤️

“ My sincere condolences to the family, I worked and knew Wendy while living in San Diego and while employed at UOP. She was consistent, personable and a great asset to the university and it's clear she carried those same attributes to every place she worked for. I know from our interactions on FB and following her that her kids and their friends were very important to her, her kindness and love of her family was very evident. I was heartbroken to hear of her passing and my thoughts and prayers are with her family, friends and co workers during this tough time xoxoxo.
