“ I first met Gerald at Dependable Machine Company in 1966 and we worked there and a couple of years later I went to Ransburg and Gerald followed me a month later. When I first hired in at Dependable I told the supervisor that I could operate a Bridgeport mill and he hired me and I had no idea what a Bridgeport did or even how to turn one on. I walked over to Gerald and told him that I really needed this job but I didn't know anything about a Bridgeport so he showed me how to turn it on, change the speeds, tools and helped me with set-ups and because of his kindness, knowledge, and generosity, I became a skilled Bridgeport machinist and the boss never knew! He talked about the war, being a scout and fought in New Guinea and how cruel the Japs were and he had an airplane which he loved flying and talking about. Gerald was a great guy, a Christian and a very special person. I haven't seen him in many years but never forgot his kindness.

“ *Even though I was not too close to my Uncle Gerald, I still felt like we had a deep connection with each other. We shared the same birthday and always sent our best wishes to each other every year. I will miss sending these to him in coming years, but he will never be forgotten!*
