“ I only met Wanda (2)times I liked her and I believe she liked me, I don't think she liked my sick humor, but most times I got a smile from her.  
she and I were talking about how we liked beagle dogs, we went shopping while Thelma and I was there, Wanda bought me a small plastic beagle dog, I have it glued to my dash in my car. I will miss seeing her in the summer. Rest in peace  
Wanda. LOVE YOU.

Green thumb, Lady you had one, now that you and Mom are up there together running that beautiful garden. not to mention I was your name sake. mom and you were like Sisters instead of her being the Aunt. You were like an Aunt to me instead of first cousins, You will be missed very much, would have been there but didn't find out till Thursday evening. So glad you had the time with all you children, and I know you will continue that good grace you carry with you. There are so much I could say. But the one important message.. “ my dearest mom you will be soooo missed. I am so glad i got to spend some time with you have your anointing and communion before our Lord Jesus came and took you away, I was there with you when you took your last breath and Jesus took your hand and lead you into heaven to be one of his master gardeners, I lost my mom he gained a awesome person. I prayed to God and he gave us both what we needed and in doing so gave me the strenth and a calm spirit to endure and the reassurance that you are in heaven with him. I will see you again when Jesus comes for me, until then. I have pictures all over but most of all I have your voice in messages you left that I will cherish always when I am feeling down I can here your voice to give me strength (I can do all things through Christ who strengths me. Love always Wilma Leigh
